

Azure B2C Login Authentication Trane® ComfortSite User Instruction Guide

It's Hard To Stop A Trane.®

On September 18, 2022, all Trane ComfortSite users will migrate to a new login authentication platform called Azure B2C. In order to access ComfortSite and all its applications, you will need to reset your password. The following instructions will guide you through the password reset process and help ensure you experience a seamless migration.

A screenshot of the Trane login page. At the top is the Trane logo. Below it is the text "Are you a Trane Technologies customer? Sign in here." followed by two input fields: "Username" and "Password". Below the password field is a blue link that says "Forgot your password? | Change Password". A blue arrow points from the left towards this link. Below the link is a red "Sign in" button. At the bottom, there is another section with the text "Are you a Trane Technologies Employee, Contractor or Citrix User?" and a red "Sign in here" button.

Follow these steps after you sign on to ComfortSite:

Click the “Forgot your password?” link when presented with new login screen.

Enter your existing Username and follow the on-screen prompts
You will receive a 6-digit code to your e-mail address on file. Enter it on the screen when prompted. You can then reset your password. Remember, you may re-use your current password if you'd like.

You're All Set! You are now ready to login using your existing username and the password you entered.

Your ComfortSite login screen is changing

It's Hard To Stop A Trane.®

Select 1 of 2 methods to Login

A screenshot of the Trane login screen. At the top is the Trane logo. Below it, the text reads "Are you a Trane Technologies customer? Sign in here." This is followed by two input fields: "Username" and "Password". Below these fields are two links: "Forgot your password?" and "Change Password". A red "Sign in" button is positioned below the links. A dashed box highlights the bottom section of the screen, which contains the text "Are you a Trane Technologies Employee, Contractor or Citrix User?" and a red "Sign in here" button. A red number "1" is placed in a box to the left of the top section, and a red number "2" is placed in a box to the left of the bottom section.

If you're a Trane customer or external partner, click on the first "SIGN IN HERE" button.

If you're an employee or Citrix user, click on the second "SIGN IN HERE" button.

✓ Which Method Is For Me

Local Account

If you are a dealer, distributor, contractor, etc. and login to our systems today and you are NEVER asked to change your password within ComfortSite, you most likely are using a "local" account and should use the top section of the page to login.

Enterprise Microsoft Account with *our* Company

If you are an employee, contractor, use our company's Citrix/VPN, or are typically asked to change your password at our company every 90 days, you most likely have an account in our Enterprise Active Directory at Microsoft. Click the *Sign in here* at the bottom section of the login screen

Password Reset Instructions

It's Hard To Stop A Trane.®

The password reset feature allows you to reset a forgotten password or update a known password.

1 *Click the **Forgot your password?** link*

Are you a Trane Technologies customer?
Sign in here.

Username

Password

[Forgot your password?](#) | [Change Password](#)

Sign in

Are you a Trane Technologies Employee, Contractor or Citrix User?

[Sign in here](#)

3 *Enter the 6-digit code sent to your registered e-mail address and hit **SUBMIT***

Trane Technologies

A verification was sent to the following email address. Please copy and paste it in the "verification code" field below.

Enter verification code

Submit verification code

Didn't receive verification code? [Resend Code](#)

2 *Confirm your Username*

Trane Technologies

Password Reset

We will send a verification code to the email address associated with your username.
